NorthPointe Foot & Ankle joins Berkley Senior Center in hat and glove drive

POSTED: 12/30/14, 4:11 PM EST |

NorthPointe Foot & Ankle of Berkley joined the Berkley Senior Center in collecting new gloves, hats, scarves and socks for local residents in need. The drive was held Nov. 17 – Dec. 12.

“We want to thank all of our patients and community members that contributed to the success of this year’s donation drive,” said Dr. Lee Hoffman, podiatrist at NorthPointe Foot & Ankle. “We also want to acknowledge and thank the Berkley Senior Center team for their support of the drive and their effort in getting these donations to those that really need them.”

This was the fifth consecutive year that the two organizations have partnered to host the drive. Monetary donations were used to purchase needed items and hundreds of donated pieces have been collected to distribute the community. Many of the donated items were handmade knit accessories.

This year's gifts will be distributed to residents before Christmas with the help of Berkley Youth Assistance. Recipients include students in the Berkley School District.
